Career Consulting International (CCI), www.TheDegreePeople.com Evaluates Education In Terms of USCIS Requirements.

Most evaluation agencies will perform an education evaluation that, while accurate, does not take into consideration the needs of an immigration lawyer who is filing for the H1b or I140 and needs to meet USCIS regulations and labor certificate education equivalencies. The CCI staff and consultants are knowledgeable in the laws and regulations of USCIS. While others use combinations of degrees to show equivalency of a 3-year bachelor's degree from India and other countries, CCI understand that a 3-year degree must be shown equivalent to a US bachelor's degree as a single source degree. CCI is very familiar with the different requirements concerning evaluations and keep abreast of changes in USCIS procedures for reviewing evaluations. All CCI evaluations are prepared in accordance with all USCIS guidelines.

CCI evaluates work experience in accordance with USCIS requirements, resulting in a 100% approval rate.

CCI completes work + education evaluations by examining the professional background of the candidate plus formal education, training programs, and work experience. These

evaluations are prepared following the USCIS ratio of three years of progressive work experience in the field being equivalent to one year of college training. Work experience evaluations typically are performed by evaluators that hold positions as university faculty with authority to grant college-level credit in the particular field of study as required by USCIS.

CCI does not need original documents. Clear copies faxed or scanned and emailed to us are fine.

USCIS does not require that an evaluator work from original documents. For an education evaluation you need to send copies of the secondary school documents, the degree certificate(s) and all course listings/mark sheets/ transcripts. For a work + education evaluation send copies of employer letters with the dates of employment and the job duties. If any other documents are needed, you will always be notified before the evaluation is completed.
