Attn: Marian Aronson Finnk

Dear Marian,

Until our firm started working with CCI the 1140's for the 3-Year bachelor's degree holders were always a problem especially with the older labor certification cases without equivalence information. USCIS, and especially the Nebraska Service Center, would not accept any combinations of education or work experience and no one seemed to have any success showing the degree as a single source degree equivalent to a US bachelor's degree. We were very intrigued by CCI's approach of showing hours in the classroom during a three year foreign degree as being equal to hours in the classroom for a U.S. degree. While this approach is more expensive than a traditional evaluation it has been accepted for EB-3 Skilled classification which means grateful clients.

I also want to thank you for your excellent service. You deliver the soft copy of the documents in a few days followed by immediate overnight devilyery of the originals. Each evaluation is individualized to the client, which probably adds to the success rate with USCIS.

You appear to keep up with the changes at USCIS so you know exactly what they need and what they are looking for so that our filings result in the best chance for approvals. You perform your evaluations with one eye on the candidate's education and one eye on the USCIS regulations.

We also appreciate your pre-evaluation of the cases and reviewing the documents before we start at no charge. You are always available to talk about the cases and are very pleasant to work with. You go the extra mile in all of the work we have had the pleasure of doing with you.

I am happy to recommend you to any law firm who is looking for an evaluation agency. We look forward to working together for a long time.

Sincerely,

Lynne R. Feldman
