Attn: Sheila Danzig, Director

Dear Sheila,

I just wanted to drop you a note telling you how impressed we are with your service. We often get difficult cases with certificates in countries other than English. Prior to working with the consultants we need to know if they have the proper education to fulfill the H1b requirements. You have always given us that information at no charge, using professors who can read Italian or French, saving us a great deal of time and expense before we even start.

In addition your evaluations are delivered quickly and you provide us with a personal service we cannot find with other evaluation agencies. You work hard to find us the least expensive way to perform an evaluation - something other agencies are not interested in doing. USCIS has approved your evaluations 100% of the time.

We look forward to working with you for a very long time.
